DIRECT AID PROGRAM

GENERAL INFORMATION

The Direct Aid Program (DAP) is a small grants program funded by the Australian Government and managed from the Australian High Commission in Port Moresby.

DAP aims to support small-scale projects with a strong development focus that complements Australia's broader aid program. DAP funding is only available to community groups, NGOs and other organisations engaged in development activities on a not-for-profit basis.

The maximum DAP funding a project can receive is AU\$60,000. Projects must be delivered within six months of funding.

We do not provide cash grants.

Before sending in your application, please ensure:

1. The application form is complete and meets the guidelines;
2. You have provided contact details, including where possible a telephone and fax number and an email address (this will make it a great deal easier to contact you should we have any questions);
3. You have included a letter of support, where available, from a trustworthy referee (such as your local MP, provincial or district administrator); and
4. You have included a quote from a reputable supplier.

Your completed application form must be sent via mail or email to:

e-mail: Port-Moresby.dap@dfat.gov.au

GUIDELINES FOR DIRECT AID PROGRAM FUNDING

DAP will not support:

1. Commercial Ventures, such as capital to start up business projects or routine, recurring and/or running costs including office rental and utility costs.
2. Maintenance and repairs (including equipment such as photocopiers, computers, digital cameras, other kinds of electronic equipment, stoves, fridges etc.).
3. Purchase of major assets such as property or vehicles, boats, engines or related machinery.
4. Requests from individuals and individual families, such as scholarship, school fee requests or personal financial assistance.
5. Micro-credit schemes or any other project that involves return of money.
6. International/Domestic travel as part of the project.

DAP Project proposals must:

1. Address poverty alleviation by supporting projects that aim at improving the livelihood of communities.
2. Support the inclusion and active participation of the disadvantaged population (women, girls, children, Persons living with a Disability and those with HIV/AIDS).
3. Be sustainable and have lasting developmental benefits, with any ongoing costs or maintenance to be met by the community.

We prefer to fund applications:

1. where the community makes a contribution to the project (through the provision of labour or transportation, or funding other project-related expenses);
2. where other donors (NGOs, private business, other government donors) are involved in supporting the project (funds, technical or other form of support);
3. that has the support of a locally prominent figure (such as an MP, Provincial or District Administrator); and
4. that help disadvantaged groups (including women and the disabled) in less-developed areas.

Both successful and unsuccessful applicants will be informed in writing as soon as possible after a decision has been made.

Acquittal of funds and project reporting

If your project is approved, you must sign a grant agreement.

The funds must be acquitted within 30 days of project completion by sending a completed acquittal report form. Unless the DAP committee judges that exceptional circumstances have arisen, failure to properly acquit funds and report on the project by this date may result in the withdrawal of funds and/or refusal to consider applications from your organisation in the future.
